

AAE :Freshmen Industry Mentoring Program

This year the Academy of Aerospace and Engineering will be entering the seventh year of our Industry Mentoring Program. Our Partners for the 2014-2015 school year include Barnes Aerospace, GKN Aerospace (Newington and Cromwell) and UTAS (United technology Aerospace Systems). The program is for ninth graders in good academic standing, and will involve bi-weekly trips to interact with industry mentors in the workplace at offsite locations.

We are currently accepting applications for ninth grader students who would like to participate in this program. Application should be submitted before October 20, 2014.

Admittance to the mentoring program is limited and teacher recommendation will be required as part of the application process. For questions, please contact Mrs. Rizzo or Mr. Lubenstein.

Application Form
Corporate Mentor Program

(Return to Mrs. Kim Rizzo by Monday, October 20, 2014)

Student Name: _____

Student Grade: 9th or 10th

The purpose of the mentor program is for students to gain first-hand experience in the operations of an aerospace company and to discuss such things as career, education, and professional goals with an industry professional who has volunteered his/her time to be a mentor.

For this program, students are bussed to one of our four partner companies twice a month on a Tuesday or Thursday departing AAE at 10:30 am and returning at 12:30 pm. Students will eat lunch on the bus.

I am interested in applying for the Corporate Mentor Program.

My D Block class is: _____

My E block class is: _____

Student Signature: _____

Parent Signature: _____

Date: _____

ACADEMY OF AEROSPACE AND ENGINEERING HIGH SCHOOL

Student's Name _____

Field Trip Permission Slip

Date of Trip: Starting approximately 10/28/14 and occurring bi-weekly _____

Departure Time: 10:30 am

Return Time: 12:30 pm

Cost: Free (Permission slip should be turned into Mrs. K Rizzo)
(Chaperone's name)

Permission slip due by: (10/20/14)

If permission slip is not returned by (10/11/14) student may not be permitted to go on the trip without administrative approval.

To: United Technology Aerospace Systems (Windsor Locks) or
Barnes Aerospace (Windsor Locks) or
GKN Aerospace (Newington or Cromwell)

Method of Transportation: CREC Van

Meal Arrangements:

_____ Students should bring their own food or

_____ Students will purchase a bag lunch from the cafeteria (Student ID _____)

I give _____ **permission to attend/participate**
in this activity. (Please print student's name.)
